

20-577-JMA

Honorable Judge Joan M. Azrack clerk of court
United States District Judge
Eastern District of New York 100 Federal Plaza
Central Islip, New York 11722

please affirm the opportunity to explain my
living conditions at the Special Housing Unit M.D.C.
Brooklyn.

I have been confined in the SHU since I was extradited
from Mexico and arrived at M.D.C. seven months ago
under the same restrictions as those who commit an
infraction or violation. The difference is most of them
get their privileges back and are returned to their assigned
units. In a month I have communicated the following
concerns to my attorney

- No access to computer to can check the Discovery.
- Not provided with razors to shave.
- A limited commissary list. Not able to order a simple item like coffee, salt.
- I can't be in contact with my family.
- Shower only three times a week.

I respectfully ask for this to be remedied by allowing
more contacts on my phone calls. "2 call per day" & "7 calls
per week". provided with a razor 2 times a week
a complete commissary list the same given in units
and be allowed access to use a computer to help
prepare for my defense.

The stress of being confined 23 hours a day,
not being able to contact your loved ones but only
once a week and being in an environment that
I'm not afforded the same that other pre-trial
inmates is affected my mental health. →
